PROJECTS

LAN Party, Multi-Instrumentalist + Web Developer

July 2021 - Now • Chicago, IL

Synth, guitar, and drum player in music project LAN Party for live concerts in Chicago and NYC. Design and program the project's website alongside artist management duo B.B. Noise.

.join(), Digital Installation Artist

Sept 2020 - June 2021 • Middletown, CT

Laser cut sensor-embedded sculpture, designed and programmed custom voice recognition and interpretation software, animated video synth graphics, and installed my senior thesis installation in the Zilkha Art Gallery. .Join() received high honors and protested against the dangerous lack of transparency and 'black box fetishism' in modern technology. View the digital installation at <https://www.internetluisa.com/join/index.html>.

Tiny Shed, Video Editor + Sound Technician

Jan 2019-June 2021 • Middletown, CT

Managed sound technology for live shows and edited videos for studio recordings.
